Abstract: An abstract is a brief of the paper; the abstract should not contain references, the text of the abstract section should be in 12 point normal Times New Roman. **(200 to 300 words)**

Keywords: (5 to 10 keywords)

1. Introduction

Please use the AIMS template to prepare your manuscript, before you submit to our journal. Please read carefully the instructions for authors at http://www.aimspress.com [1]. These are important instructions and explanations. Thank you for your cooperation.

2. Materials and method

2.1. Subheading

2.1.1. Sub-subheading

The heading levels should not be more than 4 levels. The font of heading and subheadings should be 12 point normal Times New Roman. The first letter of headings and subheadings should be capitalized.

3. Results

The body text is in 12 point normal Times New Roman, the line space is at least 15 point.

Table 1. Caption of the table.

(Table body should be created by MS word table function; three-line table is preferred.)

Figure 1. Legend of the figure.

$$\text{[add an equation here; use MS Word or MathType equation function]} \tag{3.1}$$

4. Discussion

5. Conclusion

Use of AI tools declaration

The authors declare they have not used Artificial Intelligence (AI) tools in the creation of this article.

Acknowledgments (All sources of funding of the study must be disclosed)

We would like to thank you for following the instructions above very closely in advance. It will definitely save us lot of time and expedite the process of your paper's publication.
